

# Laser Tag Play Info

**How To Play:** Laser Tag is a game of strategy & great fun with the objective being to score as many points as possible during the allotted time period. Participants are instructed on how to play the game, how to wear & use the equipment while listening to a live, entertaining briefing. Participants then suit up in their vest & phaser donned with lights & begin their adventure into the laser tag arena which is a huge maze with over 90 towers, bridges, & ramps. The objective is to try to tag opposing players & hide to avoid being tagged by other participants while trying to score bonus points by deactivating crystal bases, which are interactive targets that can tag back if you don't get away quick enough!

**Who Can Play:** This is the ultimate adventure for active, adventurous, & competitive individuals & groups who are craving an out-of-the-box solution for a fun, exciting, strategic event or competition that allows for everyone to be involved; both young & old!

We recommend ages 5 to adult. The laser tag vests are lightweight & can be adjusted to suit any size player. There is no need to be athletically inclined, nor any need to worry about your safety because your mission objectives are clear & defined.

**Objective:** There are various types of game formats & parameters, but the main objective in a standard game is to score as many points as possible by tagging the blinking lights located on the vest's chest, back, shoulders, & the phaser. When tagged by an opponent your pack will light up, shut down & you'll be out of the game for a couple of seconds, although unlimited tags are available during the game. The crystal bases are interactive targets, which offer a capture the flag type element, and can be tagged for additional points, but beware, they can tag back! At the end of the game each player is provided with a custom printed scorecard.

**Scorecards:** The detailed printouts include information about the participant's total score, ranking, accuracy, & other detailed statistics about the game. Players are able to compare their individual & team scores with other participants & see a detailed list of the players they tagged, who tagged them, along with their rankings & scores.

**Recommended Dress Code:** We suggest that participants dress casual & wear athletic clothing, gym shoes, or other comfortable shoes & attire. Many participants wear dark colored clothing so as not to glow in the dark due to the number of black lights that make white & other light colors glow. It is not required that participants dress in this manner, but for optimal strategy & comfort this is suggested. The game may not seem physical, but it can be when exploring the towers, ramps, & bridges in the laser tag arena!

**Safety:** Laser Tag is a physical activity, but no athletic ability is required. On-site & off-site Stratum Laser Tag options are handicap accessible. This game is able to accommodate all ages, weights, & sizes so no restrictions are placed upon players! Those who have asthma, epilepsy, a heart condition, or are pregnant should be more cautious, so as not to overexert themselves.
